

# San Saba River Golf Course

**Voted one of the “best places to play”  
for six years in a row by Golf Digest!**

Nestled along the banks of the San Saba River just east of the town of San Saba lies a renowned golfing jewel to put on your must play list! This is a fantastic eighteen-hole municipal course, widely revered for its challenging play and tranquil beauty - just waiting for you to come and play in the laid-back countryside of the Texas Hill Country.

Our course was laid out in a magnificent old pecan orchard by course architect Sorrell Smith. The facility is maintained under the watchful eye of our expert PGA pro, and offers a club pro shop, driving range, short game practice area, and a putting green.

And be sure to bring your RV so you can stay, and play even longer. You're going to love this course!
